

BEZ- Series Faceplate Dimensions

BEZ- series mounting kits include hardware and self-adhesive polycarbonate faceplates sized appropriately for the displays they fit. A transparent window is centered in an opaque black border. The faceplates are 0.5mm (20 mils) thick, with a layer of permanent peel-and-stick adhesive matching the black border.

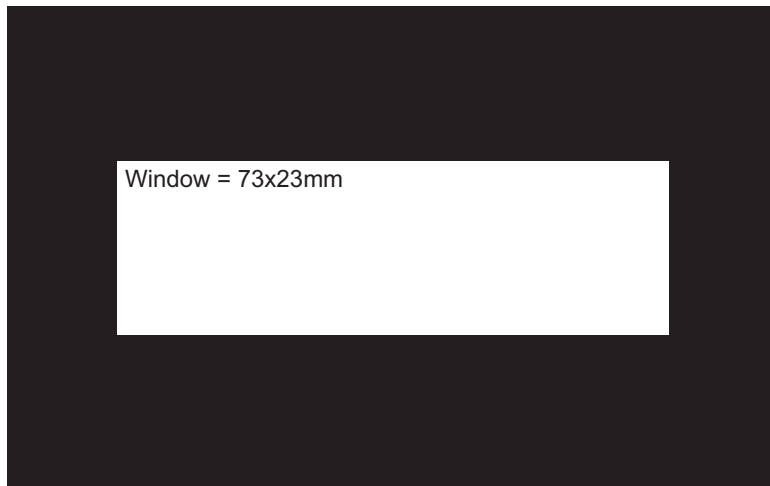

BEZ-216, BEZ-216i Overall = 82x38mm

BEZ-120 Overall = 87x44mm

BEZ-420, BEZ-416G Overall = 102x64mm

Hardware varies by model
0.5mm (0.020") thickness
Water-clear polycarbonate
Permanent acrylic adhesive backing

BEZ-440 Overall = 193x57mm
